

SCHOOL LOAN REGISTRATION FEES

In past years Lakeview Museum's School Loan service has been provided free due to the generous support from several grants. However, in the past 3 years, those grants have diminished by over \$7,000.

Lakeview Museum remains committed to the School Loan program. Based on the suggestions, which many of you offered in response to our survey, we have decided to implement a nominal, annual registration fee. The annual registration (September through May) will entitle individual teachers, home school families, libraries, senior facilities, scout leaders and individuals to unlimited use of the school loan service for that school year (as they have had in the past).

Please complete the School Loan Registration Application and make checks payable to Lakeview Museum of Arts and Sciences prior to the borrowing of exhibits.

See the attached forms for information on our **FREE** Museum Ambassador Program.
